FREE NUGEN Audio Stereoizer Elements

worth \$49, plus \$100 off any of the company's store bundles during June '17

Stereoizer Elements is a user-friendly tool for stereo image enhancement and manipulation. The plug-in features a range of stereo image enhancement, from gentle width adjustments to huge dynamic ambiances that transform the soundstage. Stereoizer Elements enables great results with minimum effort – plus the assurance of superb mono compatibility and no artefacts.

Also, get \$100 off any NUGEN Audio store bundle. Register Focusrite hardware before 1 July 2017 to take advantage. If you've already registered, simply log into your Focusrite account page.
